

FORMIT RAINWATER TANKS

WATER STORAGE SOLUTIONS

WITH OUR WATER STORAGE SOLUTIONS YOU CAN CAPTURE RAINFALL AND PROVIDE YOUR OWN SUPPLY OF WATER THEREBY SUPPLEMENTING YOUR MAINS WATER, FOR THE GARDEN, WASHING THE CAR OR FLUSHING THE TOILET. THE POSSIBILITIES ARE ENDLESS BUT EVERY DROP OF WATER IN AUSTRALIA IS PRECIOUS.

Our products are available in a round, slimline or underdeck format to suit your space considerations and they come in three colours, mist green, merino and heritage green. The Formit Water Tanks are easy to install and can blend into the design of your house, garden or building.

In several areas our water tanks will qualify for a Government rebate (please check with local Councils). Each rainwater tank is manufactured from UV stabilised, food grade polyethylene and comes with a 20 year fix or replace guarantee for your peace of mind.
